Sir,

Sub:- Education - Fisheries - School - Udiawar West - Additional teacher - appointment - requested.

...

The Fisheries School at Udiawar West is a permanent school. The present strength of the school and that for the 3 months May to July'51 are furnished below.

Standard.	May'51	June'51	July'51	Present Strength.
I	27	27	27	27
II	14	24	24	24
III	10	12	12	12
IV	9	11	11	11
V	9	11	11	11
	69	85	85	85

There are only two teachers of Higher Elementary grade now in the school. The Headmaster is in charge of standard I and III and the Assistant teacher is in charge of standards II,IV and V. The number of pupils that each teadher has to teach is therefore 39 and 46. The present arrangement cannot be expected to impart an effective instructions and standards II, IV and V with a strength of 46 pupils is too big for one teacher to handle and so an additional teacher is necessary so that standards I and II can be put in charge of a teacher each and the remaining standards IV and V can be combined and put in charge of the third teacher.

The Deputy Inspector of schools, Udipi when he visited the school on 22-10-51 has remarked as follows:-

> "Strength 86. Attendance 54. Teachers present 2. Though there is heavy fishing to-day, teachers were able to get fair attendance. The attendance would have been more had there been no fishing. There is scope for a third teacher."

In the circumstances stated above I request that Government may be pleased to accord sanction to the employment of an additional Higher Elementary grade teacher to the Fisheries school at Udiawar West for a period of one year from the date of appointment. A statement showing the financial implications for a period of one year is enclosed.
